Long-Term Incentive-Type Remuneration by Fiscal 2018 (Stock Compensation-Type Stock Options)

Of the stock compensation-type stock options which had been introduced as long-term incentive-type remuneration of the performance-linked remuneration since fiscal 2008, for those from fiscal 2016 to fiscal 2018, the Company imposed terms and conditions regarding performance on stock compensation-type stock options on two occasions: when the stock acquisition rights are allotted as stock options, and when the exercise period of the stock acquisition rights allotted starts.

When actually allotting the stock acquisition rights after obtaining approval for the maximum number of stock acquisition rights to be allotted at the general meeting of shareholders, the Company increased or decreased the number of stock acquisition rights to be granted ranging from zero to the maximum number by using performance indicators for the annual bonus for the immediately preceding fiscal year. In addition, a mechanism was introduced whereupon the stock acquisition right exercise period starts, the exercisable number of stock acquisition rights may be determined according to the consolidated performance and other track records up to the immediately preceding fiscal year in the range of 30% to 100% of the allotted number, and thereby strengthened stock acquisition rights to function as an incentive for improving medium- to long-term business performance and for achieving targets.

Terms and conditions regarding performance on long-term incentive-type remuneration

When stock acquisition rights are allotted

- Use the same indicators as used in calculating the annual bonus to each officer. Indicators to be used are consolidated business performance (consolidated net sales, consolidated operating profit and net profit attributable to owners of parent), evaluation of performance of business of which respective directors or corporate officers are in charge, and personal evaluation.
- Determine the number of stock acquisition rights to be allotted through deliberation by the evaluation working group.

When the exercise period of the stock acquisition rights allotted starts

- Calculate the growth rate of operating profit by comparing the operating profit for the fiscal years preceding and following the fiscal year in which the stock acquisition rights allotment date is included.
- Calculate the growth rates of operating profit for the same fiscal years as above of companies such as Kao Corporation (Japan), L'Oreal S.A. (France) and Estee Lauder Companies Inc. (USA), which are leading cosmetic companies in Japan and overseas and have been designated in advance as comparable companies.
- Based on comparison of the growth rates of operating profit between the Company and comparable companies, determine the number of stock acquisition rights allotted to each director or corporate officer that are exercisable.

Schedule of allotment and exercise of long-term incentive-type remuneration

Determination of the Exercisable Percentage of Long-Term Incentive-Type Remuneration (Stock Options) for Fiscal 2017

In August 2020, in accordance with the above stock option scheme, the Company determined the exercisable percentage of the former long-term incentive-type remuneration (stock options) for fiscal 2017 granted to directors excluding external directors in March 2018, based on comparison of the growth rate of the Company's operating profit with that of comparable companies for the relevant fiscal years, as follows.

Performance Evaluation Indicator	Evaluation Period	Fluctuation Range of Payment Percentage	Target for 100% Payment Percentage	Actual Performance Ranking	Determined Exercisable Rate
Comparison of the growth rate of consolidated operating profit between the Company and 11 leading cosmetic companies in Japan and overseas during the evaluation period	Fiscal 2017– Fiscal 2019	30%– 100%	Growth rate of consolidated operating profit ranks within top three	2nd	100%

Note: Leading cosmetic companies in Japan and overseas include Kao Corporation (Japan), L'Oreal S.A. (France) and Estee Lauder Companies Inc. (USA), etc.
